# VISION

To equip our learners with a sense of dutifulness to society and prepare an enlightened citizenry for the country who can contribute to the nation building in various capacities.

# MISSION

- ❖ To grasp the political scenario of country and world
- ❖ To encourage students to perceive public policy
- ❖ To foster engagement of students towards society
- ❖ To inculcate civic values among the students

# HISTORICAL BACKGROUND

The Department of Political Science at Shri Lal Bahadur Shastri Degree College, Gonda, was established in 1966, shortly after the founding of the college. The college itself was named in honor of Shri Lal Bahadur Shastri, India's second Prime Minister, known for his simplicity, integrity, and dedication to the nation. Since its inception, the Political Science Department has been a core part of the academic framework of the institution, offering undergraduate and post graduate programs aimed at providing students with a comprehensive understanding of political theories, systems, and structures. The department has played a pivotal role in shaping the political consciousness of the students, encouraging them to critically engage with national and international political developments. Over the decades, the department has grown, adapting to the evolving political landscape and incorporating contemporary topics such as democracy, governance, public administration, and international relations into its curriculum. Faculty members have traditionally been committed to maintaining a balance between theoretical knowledge and practical insights, fostering both academic excellence and a sense of civic responsibility in students. The Department of Political Science continues to uphold its mission of delivering quality education, contributing to the intellectual and political development of the students of Shri Lal Bahadur Shastri Degree College.

# AIMS AND OBJECTIVES

By offering a robust curriculum, fostering research and professional development, and engaging with the community, the Physics Department aims to nurture the next generation of physicists who will advance scientific knowledge and contribute to technological progress.
